OVERALL FUNCTIONALITY				
Unified End-to-End Solution	████████	██████	██████	██████
Ease of Migration	████████	████	████	████
Workflow Automation	████████	██████	████	██████
Full-Featured Review	████████	██████	██████	██████
Secure Self-Service for On-Premises or Cloud Deployment	████████			
Self-Managed Infrastructure	████████	██████	████	
User Experience	████████	██████	████	██████
Easy to Learn	████████	████	████	██████
Quality of Customer Support	████████	██████	██████	██████
Advanced Reporting	████████	██████	██████	██████
Open APIs	████████	██████	██████	████
Single Sign On & Two-Factor Authentication	████████	██████		██████
Secure Collaboration with External Parties	████████	██████		██████
Graphical Data Analysis	████████	██████	██████	██████
Cloud SaaS	████████	██████	██████	██████
Burst Licensing	████████	██████	████	████
Hybrid Deployment (On-Prem/Cloud)	████████	████	██████	
Custom Fields	████████	██████	██████	████
Proactive System Health Warnings	████████	██████		████
Compliance Management	████████	██████	██████	██████
ECA (EARLY CASE ASSESSMENT)				
In-Place Indexing	████████		██████	
Reporting	████████	██████	██████	██████
Workflow Automation	████████	██████	████	██████
Tagging & Foldering	████████	██████	████	██████
Color-Coded Grouping and Visualizations	████████		████	██████
Topic Clustering	████████	██████	██████	████
Timeline Visualization	██████	████	████	██████
Email Communication Visualization	████████	██████	████	██████
Search, Analysis & Review on Metadata & Text	████████	██████	██████	██████
Drag and Drop Data	████████	██████		██████
File Format Support	████████	██████	██████	██████
Social Media Support (Example: Facebook)	████████	██████	██████	██████
Collaboration Tools Support (Example: Slack)	████████	██████	██████	██████
Office 365 Support	████████	██████	██████	████
Processing Scalability (TBs/day)	████████	██████	██████	████
PROCESSING				
Document and Email Indexing	████████	██████	██████	██████
Supported File Formats	████████	██████	██████	████
Text/Metadata Extraction	████████	██████	██████	██████
Processing Throughout	████████	██████	██████	████
Processing Scalability (TBs/day)	████████	██████	██████	████
Job Prioritization System	████████	████		████
Intelligent Error Handling	████████	████	████	████
Office 365 Integration	████████	██████	██████	██████
Microsoft Teams Integration	████████		██████	██████
Cellebrite Integration	████████	██████	██████	██████
Short Messaging (Social Media/Chats)	████████	██████		██████
Audio Transcription	████████	██████	████	████
Near Duplicate Identification	████████	██████	██████	████
Language Identification/Support	████████	██████	██████	████
Tiff/OCR Functions	████████	██████	██████	██████
REVIEW & PRODUCTION				
Customizable Layouts	████████	██████	████	██████
Interactive ECA Dashboards	████████	██████		██████
Batched Review and Review Management	████████	██████	██████	██████
Advanced Search	████████	██████	██████	██████
Audio Transcript Searching/Tagging	████████	██████	████	██████
Near Duplicate Review	████████	██████	████	██████
Short Messaging Review (Social Media/Chats)	████████	██████		██████
Transcript Handling	████████	██████	████	██████
Video Review/Tagging	██████	██████		██████
